

“...let us run the race that is before us and never give up...”
Hebrews 12:1

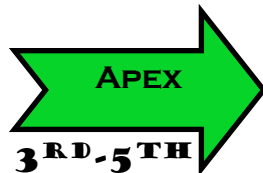

In the racing pit, skilled professionals ensure all the pieces and parts are in place for a race car driver to run a successful race.

We hope to help parents begin to establish all the parts and pieces needed for their children's spiritual growth from the moment they are born!

On the race track, the groove is the “sweet spot,” where everything is in the right place for the race car driver to run the best race possible.

We hope to help our kids begin to recognize the “groove” of knowing and following Jesus in their own lives.

In racing, the apex is the optimal approach to taking a curve.

We hope to help our kids identify and aim for the optimal approach for them to continue to know and follow Jesus as they move into adolescence and adulthood.
